1. The starting and finishing times for the match are in the centre pages of the current rule book and on the website colchesteraps.org.
2. The match will be a pegged down competition. Pegs, preferably twenty yards apart and not less than fifteen yards, must be staked out and numbered prior to fishing. All pegs used under normal conditions must be of a state to give competitors a practicable and reasonable chance to fish his or her swim.
3. Each competitor on drawing his/her number shall proceed to the corresponding number on the bank and this will be considered his/her fishing ground where he/she will fish. The peg must remain in position until the weigh-in is completed.
6. Every competitor must fish from within one metre either side of his/her designated peg. On flowing water, the competitor may fish in the direction of the flow as far as the next peg. On still water, he/she may fish as far as half the distance between his/her peg and the pegs on either side. Where competitors are drawn on opposite banks, the limit of the swim is the line midway between each bank. The competitor will restrict their activities completely to these boundaries, neither his/her person, his/her tackle, his/her hookbaits or groundbaits may intrude into his/her neighbours swim. In an extreme situation eg snagged tackle or a snagged fish, an angler must seek permission from his/her neighbour/s before moving from his/her designated peg to try and remedy the situation. A competitor must not cause annoyance to, or seek to interfere with another competitor, during the course of the competition, and must act in a sporting manner at all times.
7. No competitor may move his/her peg or exchange his/her peg or draw card with another without the organiser's official consent.

8. No competitor shall buy more than one entry ticket for himself/herself from which it follows that all competitors must be strictly restricted to one draw.

9. Competitors must retain all fish in keepnets which comply with the relevant EA Byelaws. Competitors must take every practicable step to keep their fish alive and, after weighing them, must ensure their careful return to the water. If, for any reason fish are seen to be in distress, a competitor or match official has the right to demand that they be weighed immediately and returned to the water during the course of the match.

10. A competitor shall have in use one rod or pole, one line and one single hook at one time, but may have other rods or poles and tackle assembled for use in position behind him/her, if possible, providing that no such other tackles are baited.

On no account must a feeder be used before the starting signal. A ledger weight may be cast to find depth and distance etc, but a no time must the line be left in the water whilst continuing to set up other tackle.

27. All competitors shall, as far as possible, prevent any persons other than match officials from entering the fishing ground.
28. A competitor may wade provided that the water does not extend above the knees unless he/she can touch the bank with fingertips, in which case the water can extend above the knees. When platforms are used, the water must not come over the knees when standing on a river / lake bed.
29. Any competitor who has drawn the scales ,for weighing in, must have a witness to the weighing of his/her own catch.
30. A competitor must cease fishing at the finishing signal. Should he/ she still be playing a fish hooked before the signal is given, he/she will be permitted as much time that is needed to safely land the fish. The fish will then count at the final weigh in.

31. All fish caught are eligible for weighing with the exception of game fish and crustaceans. It will be the responsibility of the scalesman to return all live fish to the water after weighing. Dead fish, handed to the competitor by the scalesman, must be returned after the match, to the headquarters by the competitor concerned and placed in the receptacle provided. Any fish suspected of being weighted or any fish considered suspicious by the weighers must be laid before the match organisers and the angler's weight be not confirmed until a ruling has been obtained.
